

Frequently Asked Questions about EZSchoolPay.com

EZSchoolPay.com is an online meal payment service provided by **eTritionWare**. We have provided point of sale systems, and other automation products to schools for over 34 years. Below you will find common questions, and the answers, for EZSchoolPay.com

Q: How does EZSchoolPay.com work?

A: On a secure website, you may establish a free account and enter payments to your child's school meal account, using a VISA or MasterCard. Payments are received directly into the school's Meal Tracker® Point of Sale system.

The site may also be used for other types of school related fees, if your child's school participates.

Q: How do I sign-up?

A: When you visit EZSchoolPay.com, simply click under the "Parents Sign Up Now." After you complete a simple web form, you'll receive a confirmation e-mail. Follow the directions in the e-mail and you will be logged in and ready to manage your child's account.

Q: How will I benefit from EZSchoolPay.com?

A: You won't be left to wonder if the check or cash you sent to school actually made it to school (or perhaps was left in a book bag for two weeks!). Online payments may be done anytime, from any internet computer. The funds are automatically deposited into your child's Meal Tracker® account at the school . . . giving you the peace of mind knowing that your child will get the school meals he/she needs.

Q: Can I also use EZSchoolPay.com to check my child's meal account balance?

A: Yes, balances are updated often – the frequency at which account balances are updated at the EZSchoolPay.com website is up to each school, but ten minutes is typical.

Q: How soon after making an online credit will the money be available to my child?

A: The frequency of importing the new credit information depends upon the school or school district, but can be as frequent as every 15 minutes! (These preferences can be set by school administrators). You will see that the money has been received by the school and is available.

Q: What forms of payment are accepted?

A: MasterCard and VISA. Debit cards carrying either of these logos may also be used.

Q: How do I know the EZSchoolPay.com site is secure?

A: The EZSchoolPay.com site has security measures in place to protect the loss, misuse, and alteration of the information under our control. Your credit card information is protected by the most sophisticated internet security available (secure-socket layer with 128-bit digital encryption).

We use YourPay, a FirstData company and a leader in secure web commerce, to process payments. We also use a Comodo security certificate that guarantees the transactions for up to \$10,000. You can click on the TrustLogo to verify that you are actually using the EZSchoolPay.com web site. EZSchoolPay.com has achieved PCI compliance, a rigorous set of security standards created by the Payment Card Industry. Also, your credit card information is never shared with the school's Meal Tracker® system.

Q: Will you sell my information?

A: No. Our Privacy Policy (available on the EZSchoolPay.com web site) prohibits this.

Q: What do you do with my information?

A: We use it only to receive credit card payments for your child's school meal account.

Q: What is the service fee?

A: EZSchoolPay.com is provided as a service, to allow online credit card payments to be received automatically into your child's school meal account. It's much more convenient than driving to your child's school and it's quicker and more reliable than sending or mailing a check. This service also allows you to monitor your child's balance online, which is updated approximately every ten minutes.

For this tremendous convenience, a flat rate fee of \$2.50 service fee will be included in the amount charged to your credit card. The fee is clearly identified on the online credit screen prior to your approval.

Q: I forgot my password. How do I get a new one?

A: When you register, you will provide a secret answer to a question. Go to the registration page, fill in your e-mail address and secret answer, and click the "Submit" button. An e-mail will be sent to you with your new password.

Q: I have other questions. Who can answer them?

A: The cafeteria manager at your child's school is the best resource. On the EZSchoolPay.com site, this person's name, telephone number, and a link to their e-mail are shown.
