

March 2015

Dear Brevard Public Schools Student and Parent/Guardian,

Brevard Public Schools (BPS) is very interested in how well our schools have prepared students for life after high school, including post-secondary education and/or career. We have developed a short online questionnaire that will be sent to BPS graduates after they have left our high schools. We plan to send former students a link to the online survey after the student has been out of high school one year and then again after two, three, and four years. We will use the gathered information to improve the quality of education for all current and future students.

In order for us to be able to send out the link to the online survey, students will be asked to go to the website listed below to register for the BPS Graduate Listserv. Students may use their smart phone to scan the QR code below which will take them directly to the registration website.

<https://sites.google.com/a/share.brevardschools.org/bps-graduates/>

If you do not wish your student to register for the BPS listserv, you may instruct your child to decline from registering. Additionally, after registering for the listserv, your child may unsubscribe at any time.

It is important to note that your child's e-mail address is housed on a confidential listserv and will not be shared or sold. Additionally, it will not be used for any purpose other than the request for completion of the online survey one year, two years, three years, and four years after high school graduation.

If you have any questions regarding the online survey or the listserv, please contact Joyce Cochran, Guidance K-12 Resource Teacher, at 633-1000, extension 272.

Thank you.
