**SIP update**

Mrs. Price shared that teachers all spent 4 hours last week in team planning for the upcoming grading period and ways to implement more Thinking Maps.

**PBS Update**

Mrs. Price shared new PBS data that reflects referrals per 100 students. We are currently seeing an increase and the teachers will be flooding the students with Croton CARE compliments to try to decrease behavior issues. Next month, we plan to pull data and determine which students are considered "Tier 2" behavior issues.

**New Business:**

Mrs. Price explained that we will continue the self-assessment portion of the process at today's meeting. We completed Standard 2 at our previous meeting. We hope to complete Standards 3 & 4 today. The completed document needs to be submitted to the District by May 2014.
