Building Character in Education

**September**

**2011**

---

*Dear Patrons and Students,*

The new school year is in full swing and everyone is adjusting well as we acclimate ourselves to the change from vacation to studies. At the writing of this article the extreme heat has finally broken and everyone feels better, especially those students that ride the bus each afternoon.

During the month of September we will be moving into the new cafeteria complex and trying to wrap up the work on the new entrances to Elementary and High School. As soon as we are moved into the Cafeteria complex work will begin to remodel the old cafeteria into a Fine Arts complex.

Finally, we have sold the bonds that will allow us to plan and construct new baseball and softball fields and a track. This is a very exciting time for the students and community as we strive together to improve our facilities.

In the coming months I will share the changes that will occur in curriculum and the changes that will come as we strive to meet new state standards that also include the integration of more technology in the regular instructional setting. We want our children to be able to compete with anyone in what-ever field they choose after graduation.

*J. Carroll Purtle, Superintendent*

“The best index to a person’s character  
Is how he treats people who can’t do him any good,  
And how he treats people who can’t fight back.”

--Abigail Van Buren
