 Block 3A & 3B.....10:08 - 12:18  
 Block 4A & 4B.....12:23 - 2:05

### Grafton High School School Seal

The school seal is enclosed with a rope border to signify strength and unity. The square knot at the bottom is the most widely recognized knot showing a beginning and an ending and is a symbol for strength. To be a tall CLIPPER, the ship must be a large square-rigged sailer carrying three or more masts. The three billowing sails symbolize the greatness of power, speed, and the diligence to move forward in the right direction. The main sail is divided into three areas. The telescope symbolizes looking toward the future from the education and motivation received at GRAFTON HIGH SCHOOL. The sextant is the compass to find this direction and to help guide the "CLIPPERS" to success. The CLIPPER ships were the fastest ships of their time. They were the first ships to sail around the clock and to use lanterns to guide their way and to mark their location. The lantern has always been a symbol of knowledge and education. The rope rigging in the background is used to climb the heights of the mast, to set the sails, and go in the right direction. The flag at the top of the mast signifies the 1996 founding date of GRAFTON HIGH SCHOOL.

### Athletic Seasons

#### Fall Season

Football	Cross Country	Golf
Field Hockey	Volleyball	Cheerleading

#### Winter Season

Boys Basketball	Wrestling	Swimming
