

HERITAGE HIGH SCHOOL
SCHOOL IMPROVEMENT PLAN
S/Y 2010/2011

What is a School Improvement Plan?

- The SIP outlines the process that the school will use to ENSURE all students are achieving at high levels. The plan is a collaborative effort involving all stakeholders. Stakeholders are students, parents, community members, teachers, and building staff. It is research based and data driven with clear, measurable goals.

What is the School Advisory Council?

- The purpose of the School Advisory Council (SAC) is to inform, to encourage, and provide opportunities for parents and community members to be involved in the planning and evaluation of the school's instructional program and quality improvement process. The School Advisory Council will meet a minimum of four times a year.
