

Supplemental Services Application

Under the Federal Law, No Child Left Behind, parents at a school site designated as a Program Improvement School for two years have a right to request supplemental services. Choices for supplemental tutoring services outside the instructional day are available at the designated school sites. Transportation to tutorial services is the obligation of the parent of guardian. Students designated as lower achieving; lower socio-economics will have priority for services. I give permission for the supplemental service provider to have access to my student's state test scores.
