

## **EMERGENCY CLOSING INFORMATION**

Please take note of the following changes to the emergency closure and delayed opening procedures for Archbishop Howard School. Archbishop Howard School does not follow Portland Public School closures and delayed openings.

In the event of an emergency closure or delayed opening of school due to inclement weather or dangerous driving conditions, please listen to listings about school closures or delayed openings for Archbishop Howard School. AHS closures and delayed openings will be listed on channels 2, 6, 8, 12 and radio stations KEX, KINK, and KXL. This information will also be included on the school website, [www.archbishophoward.org](http://www.archbishophoward.org), where an entry with the latest, updated information can be found on the home page. The school answering machine will also be updated with current information regarding delayed openings or school closures. If in doubt, trust your best judgment and stay home if you feel the risk is too great to bring your child to school.

In the event that a school closure or delayed opening is necessary due to other unforeseen reasons, the AHS Phone Tree will be activated.

Policy revised by School Advisory Council approval on January 24, 2007

**NOTE: We will also make every attempt to send out an email notification to families regarding delayed openings or school closures.**
