A message from Principal Phyllis Simmons this morning:  
Good Morning, I hope you had a great snowy weekend! I would like to introduce Mr. Michael DiBartolomeo, our interim assistant principal for Mrs. Taylor, who retired on Friday. Mr. DiBart, as he prefers to be called, served the West Chester Area School District for 35 years before retiring in 2008. He was a math teacher, assistant principal, principal of Henderson, director of high school education, and from 2005-2008, he was the Director of High School Education. Mr. DiBart was a key person in the discussion, planning, construction, and opening of our school. If you look at the plaque on the main floor's staircase, you will see his name. We are very fortunate to have Mr. DiBart share his time and expertise with us! Please join me in welcoming to Rustin, Mr. Mike DiBart!
