Implementing Official SAT Practice

Step 1: Get to Know Your [Implementation Options](#) (Implementation Resources)

Step 2: Set Measureable Goals and [Create an Action Plan](#) with your Team

Step 3: Organize a Training

- [PD Module for Educators](#) and [Facilitator's Guide](#)

Step 4: Explore [SATPractice.org](#). Try to:

- Create a practice schedule,
- Take a diagnostic quiz,
- Watch a video under Tips & Strategies,
- Start a full test or download a paper version.
- Add students to your KA academy account to track their activity

Step 5: Build Your Expertise! Review the [FAQs](#) (SAT Practice FAQ)

Step 6: Link Accounts!

In order to take full advantage of Official SAT Practice, students need to their Khan Academy and College Board accounts to talk to each other. Plan a time for your students to get linked.
