Most of them follow this convention:

**Sign-in Name:** Students **LEGAL** First Name

**Password:** **005LastName**

Use the number zero, not a letter O

005 is our district number

If there is more than one student in our district with the exact same name the password will have a number added at the end – example:

005Smith01 – ask the teacher if it doesn't work for you!
